The State campaign party will be with us on Saturday. We will give all of them a cordial welcome and a good time while they are here, and a respectful hearing. The meeting will be held in what is known as "Jones Woods" the same old place where the meetings were held years ago. This is the corner of Glenn and Harrington streets across Glenn from the residence of Mr. J. A. Burton. Chairman Hunter has appointed a committee to meet the candidates and escort them to the hotel and on to the grounds. We will all try to make their sojourn with us pleasant.

WE ARE SORRY.

We regret that so few of our subscribers have taken advantage of our offer to remain with us and shall regret to part with them. We are sorry that they seem not to care for The Herald and News. After this issue we will revise our list and take therefrom all whose date after their names does not bear 1916. We have just received another notice of advance in the price of print paper. It is now just double what it was one month ago. And we can not send the paper without the money. We regret to part with you at this time and we made the proposition to all who are in arrears if they would pay \$1.00 we would continue the paper. If you desire The Herald and News better attend to this at once because before the next issue we will revise our list.

TO WAIVE CLAIM AGAINST STATE

Action Practically Insures Militia of South Carolina Starting With a Clean Sheet.

P. H. McGowan in The State.

Washington, June 26.—The house today, in considering the military appropriation bill, agreed to waive the claim of the United States government against the State of South Carolina for military property lost and damaged some years ago. This claim originally amounted to something like \$104,000, but was subsequently reduced, through the efforts of Adjutant General Moore, Gov. Manning, and others, to about \$30,000.

This matter has given much trouble to the State authorities of South

Carolina for a long time and recently both Gov. Manning and Gen. Moore came to Washington and saw the war department officials regarding the matter. At that time they were assured that it would soon be satisfactorily arranged. Today's action of the house in waiving this claim substantially wipes out this old obligation and places the militia forces of the State on a clean basis again with no property loss shortage standing against them.

DR. G. T. PUGH ACCEPTS COLUMBIA'S OFFER

Acting President to Present Claims of Institution—Excellent Record as an Educator.

The State.

With the acceptance of Dr. G. T. Pugh as acting president of Columbia college, the work of a vigorous and exhaustive campaign for putting the claims of the college before the people and securing students for the next term has begun. Backed by an enthusiastic and determined board of trustees and cherished loyally and strongly supported by a host of daughters all over the State, the college is facing a bright future.

"The selection of Dr. Pugh as act-

ing president of the institution was an exceedingly wise step on the part of the trustees and this action has met with great favor," said a member of the board. Dr. Pugh is widely conversant with all phases of educational work, having taught in the country, served as city superintendent of schools and having been for some time instructor at Vanderbilt, from which university he won his degree of doctor of philosophy. For 12 years he has been professor of mathematics at Columbia college, and he undertakes his new task trained by the builder of Columbia college, who for years has given notable service and who knows Columbia college to its every detail, Dr. W. W. Daniel, Dr. Pugh's association with Dr. Daniel will be of inestimable value to him and will prove a matter of assurance to the friends of the college.

The acting president comes into office with the good will of the entire faculty with whom he is universally popular and the love and full confidence of the student body. In his campaign for the college he will be strongly supported by Prof. D. D. Peele of the English department, who has been effectively connected with the college for some time, and Prof. J. M. Ariail of the Latin department. Both of these teachers are on the

ground and are already cooperating with Dr. Pugh.

"In the college community Dr. Pugh's high character and singular purity of life," said a member of the board, "have won for him the esteem of his neighbors. He is a steward and Sunday school superintendent in the Methodist church and a trustee of the Hyatt Park school. Big of heart, a man of wide scholarship, vigorous in health and powerful in will, the new acting president of the college will undoubtedly prove a worthy successor to the much beloved retiring president."

Gentlemen:

On my recent record breaking run from San Francisco to New York in 6 days, 10 hours and 58 minutes my Empire car was equipped with one of your Vapor Plugs.

I wish to say that it is everything you claim it to be, giving my motor 30 to 35 per cent more speed, power and saving in gas. It's a wonder, and I have ordered my new especially built racing car equipped with one of your plugs.

Very truly yours,
